

DS100 Natural

The DS100 Natural cork is our most premium cork closure for still wines and is seen in some of the most prestigious wines in the world. The natural corks are carefully selected and the DS100 service gives these corks the maximum guarantee of sensory neutrality. Every DS100 cork is screened by our panel of trained sensory specialists to ensure that the corks are free of TCA and any other off aroma, making these corks truly unique in the market.

Carbon Balance (kg CO₂ per thousand corks) | -530 to -300 ⁽¹⁾

100% of our natural corks are processed by the INNOCORK[®] and PURECORK technologies.

RELEASABLE TCA
Not quantifiable ⁽²⁾
100% inspected corks
